Sponsored Projects Office, UC Merced
Requirement to Submit Proposals through SPO:

- **UC Policy:** All researchers who receive any part of their salary through the University or who use any University facilities must submit their proposals for extramural support through the local Contracts & Grants Office (UCM SPO).
What To Submit to SPO:

1. PASS form signed by the Dean and/or ORU Director
2. Financial disclosure form
3. Copy of URL of sponsor’s program solicitation or request for proposal
4. Original application pages requiring institutional endorsement
5. Draft abstract, draft budget and budget justification on sponsor’s forms
6. Draft statement of work
7. Additional attachments, when applicable such as,
   • Cost sharing commitment letter
   • Consultant commitment letter
   • Authorized subaward commitment letter, scope of work and budget (Forms are available under the Sponsored Projects Office link at http://spo.ucmerced.edu)

When submitting a proposal in draft form for review and endorsement, SPO requires that a final copy of the proposal be forwarded to SPO prior to submission. This requirement includes electronic submissions.
What Does SPO Do?

- Reviews, approves and processes proposals for research, public service and training
- Administrative point of contact with the sponsor
- Negotiates award terms and conditions
- Accepts awards on behalf of The Regents
- Coordinates activities related to Human Subjects and Vertebrate Animals
- Provides certification regarding Organizational Conflict of Interest
- Provides training in electronic proposal preparation and submission
Example of Sponsored Projects Officer’s Review:

Dear Professor:
Please see below my preliminary review of your NSF proposal:

Missing documents:
• Project summary
• Project description
• References cited

Required revisions:
• NSF cover page
• Missing start date
• Missing project duration
• Current and pending support
• PIs current and pending document was uploaded twice; please remove the duplicate entry

Recommended Revisions:
• Co-I’s bio-sketch included more than 5 synergistic activities; NSF standard guidance indicates only 5 can be included
• Budget – the PI person months listed on the budget pages is greater than the person months provided on the current and pending page; please revise one document for consistency.

Thank you,
Sponsored Projects Officer
Meeting Sponsor Deadlines

- **Internal Review Procedures**
- **5 working days** – Submit complete draft proposal to SPO
- **Drop Box**
- **Receipt Date and Time** – Some sponsor deadlines are sponsor’s local time, i.e., 5:00 p.m. EST (or 2:00 p.m. PT)
- Some sponsors require electronic and paper copies
- Electronic systems sometimes get “bogged down” closer to deadline
- There’s no penalty for an early submission
Award Review and Acceptance

- **UC Policy:** All awards must be accepted on behalf of The Regents of the University of California
- Who has authority to accept an award on behalf of The Regents?
  - Dean’s Office – NO
  - SPO – YES
- Review of Budget = SPO checks to verify it corresponds to proposal and funding
- SPO ensures all required compliance forms were submitted prior to spending
- SPO accepts award by signing off on award document
Troublesome Clauses and Why is SPO Taking so Long to Process My Award?

- Indemnification
- Governing Law
- Publication Restrictions
- Confidentiality
- Citizenship Restrictions
- Binding Arbitration
- Ownership of Inventions
- Warranties
- Termination
SPO Initiated Award Distribution

Manual and Electronic Distribution to:
- Principal Investigator
- Research Accounting Services
- Dean’s Office
- Purchasing (if subaward is involved)
- Equipment Management (if equipment in budget)
Prior Approval Requests through SPO

**Always** require sponsor prior approval when

- Change in Scope of Work
- Change in Principal Investigator
- Change in Grantee Institution
- Request for additional funds
- Introduce new subaward

**May** require sponsor approval

- Pre-award costs
- No cost extension
- Equipment purchase 120 days prior to expiration
- Re-budgeting between line items (non-FDP sponsors)
- Carry forward of funds between budget periods
Award Closeout

• Refer to specific award terms & conditions for requirements
• Consequences of non-compliance can include sponsor withhold final payment; sponsor withhold pending awards to PI, sponsor may bar future awards to UCM

• Who Prepares which Report?
• Technical Report – PI
• Patent/Invention Report – PI/OTT
• Equipment Report – Equipment Management
• Financial Report – Research Accounting Services
