Speed Networking Agenda

- This introduction (10 minutes)
- Speed Networking in pairs. Each pair will have 6 minutes to connect. Each time the alarm rings, the 'Blue' Group will remain seated; the 'Red' Group will rotate one spot to their left when facing the windows. (45 minutes).
- Wrap up and final comments (5 minutes).

Discussion Questions

- *What are your primary areas of research interest?*
 - What are your immediate and long term goals for your research? Are you considering applying to a particular agency or specific solicitation?
 - What previous work have you done in this area? Any pilot studies or funding?
- *What expertise are you looking for in a research collaborator?*
- *What can you offer a research collaborator?*

Discussion questions, contd.

- Can you recommend others who might be interested in a collaboration with this person?
- Would you be willing to help make that connection?

Don't forget!

- To give your contact information; we will also send a participant list.
- To fill in your 'dance cards'.
- To have fun!
